

NeoSpace Europe overview

Organised by the Luxembourg Space Agency (LSA), NeoSpace Europe is a premier B2B commercial space event with the objective of providing a platform that mirrors the industry's fast-moving reality. Designed as a highly interactive and commercially driven event that puts networking, collaboration, Talent & business development at the centre of the experience, NeoSpace Europe aims at turning business contacts into concrete long-term commercial partnerships.

What to expect

Attendees will experience a high-level programme of expert-led presentations focusing on retrospective analysis, essential benchmarks on past initiatives and macroeconomic trends shaping the current and future landscapes. The event is structured around different thematic areas, dedicated areas and optimised networking opportunities. A novelty this year is the addition of an industry challenge where the next generation of space talents solves real-world use-cases.

Practical information

Who: Space experts, space agencies, industry leaders, and European talent.

When: 20 October 2026
